# LeWell®

## Leber Wellness komplex vegan

The liver is the main detoxification organ in the human body.

The plant extracts contained in LeWell® naturally support the regeneration process:

- liver activity is stimulated
- the liver function is relieved
- for maintaining a normal healthy liver
- contributes to normal fat metabolism

**Function of the liver:**

- purifies the blood (alcohol, various toxins)
- stores nutrients and releases those nutrients into the blood when needed
- produces bile (very important for digestion)
- regulates protein metabolism, fat metabolism and sugar metabolism
- controls cholesterol levels

**Causes of liver problems:**

- unhealthy diet
- Food additives such as flavor enhancers, preservatives, emulsifiers, colorings etc
- lack of exercise
- overweight
- Stress, mental stress, lack of sleep
- consumption of medication
- Consumption of alcohol, nicotine, sugar, caffeine, fat etc.
- stored fat is a main trigger and can lead to type 2 diabetes, atherosclerosis, blood clots and stroke

**Recommended dosis:**

2 capsules per day as whole (do not chew) at one time or one capsule per meal with sufficient water, should be taken over a period of 3 months.

The logo for Treipharm features the brand name in a black, cursive script font. To the right of the text is a solid green circle. The entire logo is set against a background of stylized black and white botanical illustrations, including a large purple flower on the left and various leafy plants at the bottom.
